MEMORANDUM FOR: Deputy Director (Plans)
Special Support Assistant to the DD/S

SUBJECT: Amendment No. 1 to the Second Revised
Administrative Plan for SR Division PPP
Project AERODYNAMIC

DECLASSIFIED AND RELEASED BY
CENTRAL INTELLIGENCE AGENCY
SOURCESMETHODSEXEMPTION 920
NAZI WAR CRIMES DISCLOSURE ACT
DATE 2007

I. Project Objective

1. The objective of this project is to provide for the exploitation and expansion of an anti-Soviet resistance movement for cold war and for hot war purposes via newspapers, radio and other communication media, research and political action activities.

II. Need for Amendment

2. The existing Plan requires that the members of the Board of Directors and officers of AERODYNAMIC, the instrumentality of this project, acknowledge a Memorandum of Understanding setting forth their relationship with the organization and KUBARK.

3. SR Division feels that to require the officers and directors to execute any meaningful agreement would jeopardize the excellent relationship, of long standing, existing between KUBARK and the AERODYNAMIC organization, and thereby impair the effectiveness of the operation. KUBARK has been supporting the organization since 1950, initially as a subsidy project, and then since 1957 when KUBARK arranged for the incorporation of the organization, as a proprietary project. During this entire period the AERODYNAMIC officials have always been most cooperative and entirely willing to accept KUBARK guidance and direction, and it is felt that, at this late date, they would not understand the reasons for formal documentation of the relationship and, in fact, might misunderstand and feel that they are merely considered to be "paid agents" of the U.S. Government.

4. The Plan is therefore being amended to delete the requirement for written Memoranda of Understanding. It shall be the responsibility of the SR Division to ensure that the officials of AERODYNAMIC are always cognizant of their authorities and responsibilities, and the amendment requires the SR Division to document in writing KUBARK's oral understanding with such officials.
